

Established in 1999, Empower Me Center provides approximately 3,000 activity experiences for more than 500 individuals with special needs in Middle Tennessee annually.

Our Programming includes, our Summer Day Camp, our Adult Day Program - The "Day Dreamers", and monthly, Year-Round Respite and Enrichment Activities.

We are excited about our future home in Wilson County. The multi-phase project will include indoor education and recreational buildings spanning 10,000 and 37,000 square feet, a splash pad, Miracle League Baseball Field, adaptive playground, outdoor sports court, a soccer/field hockey/flag football field, bocce courts, a driving range with putting area, and a garden of dreams featuring raised planters and outdoor musical instruments.

Through Empower Me Center, individuals with special needs experience developmental growth, increased responsibility, independence, and social skills. They gain self-value and courage while their unique strengths are celebrated. This empowerment helps them develop lifelong friendships, lead fulfilling, productive lives and reach their full potential. At Empower Me Center, we believe "Everyone has a Special Gift to Give this World!"
